## **UNIVERSAL REPLACEMENT PARTS**

Help meet every need from a single source.

# Resideo Universal Replacement Parts

Introducing 13 Distinct Products  
With Universal Compatibility.

## The Right Part. The Right Time. Every Time.

### THE UNIVERSAL ADVANTAGE IS THE SUM OF OUR PARTS

Your customers rely on you to service and repair their systems — quickly and effectively. You can rely on Resideo for replacement resources that keep overhead low and customer satisfaction high. Resideo Universal Replacement Parts single-handedly replace hundreds of OEM parts, so you only need to carry one part rather than multiple brands across multiple categories.

### UNIVERSAL STARTS WITH YOU

Resideo's Universal Advantage is driven by you. We asked the questions, you provided the answers — the result is a solution designed to reduce your inventory and service time like never before. To help you work faster and smarter, allowing for more service calls, fewer callbacks and greater revenue. You want the right part at the right time. Resideo's growing suite of universal replacement parts provides incredible compatibility and unmatched reliability.

### RESIDEO IS YOUR UNIVERSAL ANSWER

Every day more distributors and contractors recognize the advantages of universal replacement. Instead of having to stock and travel with a vast assortment of products to manage like-for-like replacements, you can invest in a time-saving series of products from a trusted name in the industry. That means always having the part you need for your customer, without extra service trips or overstocked shelves. The right part from the right company — Resideo, the leader in universal replacement parts.

**UNIVERSAL ELECTRONIC  
DIGITAL OIL PRIMARY  
R7284U1004**

With the R7284U Universal Oil Primary, programming and diagnostics are easy and require no additional tools thanks to an integrated, digital “quick-fix” indicator.

**GLOWFLY®  
Q3200U1004**

Glowfly® is the universal hot surface igniter made from robust silicon nitride. Universal bracketing means it replaces more than 110 silicon carbide models.

**UNIVERSAL ELECTRONIC  
OIL AQUASTAT®  
L7224U1002**

Our L7224U Aquastat covers a wide variety of applications and has many mounting and configuration capabilities.

**UNIVERSAL ELECTRONIC  
FAN TIMER**  
**ST9120U1011**

The ST9120U Universal Electronic Fan Timer replaces most previous Resideo fan timers. It's the only one you need. LED diagnostics and continuous EAC and HUM terminal connections save you time and money.

**UNIVERSAL INTEGRATED  
FURNACE CONTROL**  
**S9200U1000**

Our S9200U Universal Integrated Furnace Controls replace more than 195 single-stage hot surface ignition furnace controls, offering universal application and robust diagnostics.

**UNIVERSAL STANDING PILOT  
GAS VALVE**  
**VR8300M4406**

This universal standing pilot gas valve replaces hundreds of gas valves in 24 Vac, gas-fired applications.

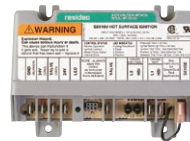

**ELECTRONIC IGNITION  
GAS VALVE**  
**VR8345M/Q/K**

This universal product offers wide-capacity control for almost any IP, HSI or DSI gas-fired appliances.

**UNIVERSAL INTERMITTENT PILOT  
RETROFIT KIT**  
**Y8610U6006**

Update an old standing pilot system to electronic ignition with ease using our Y8610U retrofit kit. The kit comes complete with everything you need to convert a standing pilot system to intermittent ignition.

**UNIVERSAL HOT SURFACE  
IGNITION MODULE**  
**S8910U3000**

The S8910U Universal Hot Surface Ignition module replaces over 800 Resideo and other products for single- or dual-rod systems. Troubleshooting is easy thanks to LED diagnostics and a micrometer port for testing the igniter.

**UNIVERSAL THERMOCOUPLES**  
**Q340A**

The Q340 family of thermocouples generate 30 mV in standing pilot applications, providing enough energy to power a gas valve. They are designed for long life and durability.

**UNIVERSAL INTERMITTENT PILOT  
IGNITION MODULE**  
**S8610U3009**

The S8610U offers replacement compatibility of more than 400 Resideo and other models. This control works in both single- or dual-rod systems and features field-selectable prepurge and ignition trial timings.

**UNIVERSAL PILOT BURNERS**  
**Q314U/Q345U/Q348U/Q3451U**

Replacing pilot burners has never been easier. Just four Universal Pilot Burners replace over 120 different models for standing and intermittent pilot applications.

**SMARTVALVES™**  
**SV9501M2528/SV9641M4510**

Resideo SmartValves combine gas flow control and electronic ignition into a single unit, offering simplified wiring, appliance construction and safety.
